

FULLER STREET CHURCH

The Montessori School of Antigua, West Indies Project List

Project No.	Project Name	Project Description	Project Quoted Costs (US \$)	Project Status
1	Annual Termite Inspection & Treatment	School has termite damage. To protect new shelves and other wooden equipment, it is necessary to treat the school for termites annually.	847.00	Money Transferred 9/27/2022 Extermination of School Completed Oct. 14,2022
2	Furniture Replacement	Fifteen (15) Book Shelves: Treated Wood 1x12x16 = 2,308.00 Plywood backing = 577.00 Cutting & transport = 154.00 Wood glue = 5.00 Nails = 10.00 Varnish = 33.00 Brush = 4.00 Sand paper = 5.00 Labour = 655.00	3,751.00	Money Raised Money Transferred 11/9/2022 Book Shelves Completed January 13, 2023
3	Training Materials & Supplies	All teaching material is sourced from <i>Nienhuis Montessori California</i> . They are child friendly and ensure the highest level of education we can deliver to our preschoolers. Current materials are more than twenty years old and in need of replacement.	3,000.00	Money Raised Money Transferred 6/14/2023
4	Roof & Gutter Repairs	Antigua is presently in a long drought condition. The whole island has been suffering water rationing for years. This makes it very difficult to maintain proper hygienic condtions for little children. Sometimes water has to be transported to the school in containers for toilets and washing of hands, etc. Part of the gutttering on the school roof (which is used to collect rain water) was torn off during a hurricane and could not be replaced due to a lack of finance. A larger tank and installation is needed. 16 Sheets of Galvanized metal = 1,702.00 5 lengths of gutters & fittings = 289.00 Labour = 1,400.00	3,391.00	Money Being Raisedd

5	Camera Lense	<p>Sony SEL24105G (Amazon) - A camera was donated, but without the lense. The camera is used to help raise revenue for the school by taking photos of the children at work, play and field trips and publishing an annual school calendar.</p> <p>Graduation and class photos are taken, as well as giving the children the opportunity to observe the natural egg laying process of the sea turtles from a safe distance, without disturbing the turles. So the camera is used both as a fund-raising and teaching tool.</p>	1,048.00	NOT STARTED
